

P&C Principal's report: April 2024

## Wellbeing

- Student Executive Council identified two issues for focus in 2024.
- Improving School Spirit by cranking up the profile of House and using House points to acknowledge a range of different activities. One way to build even stronger school spirit is to celebrate the small wins by groups... like our Houses. This has been talked about since before COVID and at the last Student Executive Council meeting, the topic came up again!

Teachers can now award house points to individuals, using ID attend and DPs/EP will also set school challenges: e.g. Emergency evacuation this term.

Students can also nominate themself or others online using this form or vouchers in the library!

- Students were sent a <u>Student Update</u> on Monday and informed about some regularly communicated expectations and some new ones about Formal Uniform:
- Excursions, competitions and representative events like industry breakfasts are full formal uniform only from this point on.
- Students must also wear correct formal uniform on the day of their Year Level Parade.

The amazing options available to our young people put us on show in the community and across the globe online - and there are so many. From the start of this term only students in full formal uniform will be able to represent the school at these events. Teachers will communicate the expectation clearly in the information about the event/excursion in advance. This includes only black leather shoes (not b/w or white runners).

Students have been advised to let the DP know should they not have a formal uniform or right shoes and face financial issues - ahead of time so we see what can be done to help you out.

The uniform is fully stocked with ties. We do not have a supply of loan uniforms. Students are expected to have both formal and sport day uniforms by this stage.

• Cairns State High School will commemorate ANZAC Day on WEDNESDAY 24 April at a full school assembly.

This is a FORMAL UNIFORM occasion for all grades - and a HOUSE POINT Challenge set by the Executive Team.

 A regular part of the student update we will provide students with information about Restorative Practices as we use this approach in school.

- Restorative Practice is a positive approach that works with you, rather than doing things to you or for you. We are implementing this approach at Cairns State High.
- Conflict is an inevitable part of life. How we work to resolve conflict impacts on our school climate and culture and ultimately on you and other students' social and academic outcomes.
- Here are questions asked in response to challenging behaviours:

## 21stC Learning

Our focus at present is on High Impact Teaching:

- Unambiguous
- Step by step
- Engaging
- Effective
