

Excursions & Extra-Curricular Activities (Estimated Costs)

Excursions, camps and other activities beyond the normal learning program take place at different times throughout the year. We attempt to source activities that have no or minimal costs involved; however, there are some activities that do incur a fee.

Process:

- Permission Letters will be emailed out with information about the upcoming activity. By completing and returning this permission form you are giving consent for your child to attend and be invoiced for the activity (you also agree to pay to the school the costs detailed in the permission by the due date).
- On receipt of the permission forms and dependant on numbers; the final costing will be calculated and the activity invoiced.
- Payment must be received by the due date for your student to attend.

Below is a list of activities that incur an additional cost (this is a guide only and may vary depending on the number of students and final quotes).
