Installing ReadCloud

To access the latest version of the ReadCloud app go to: https://www.readcloud.com/#download You may use the app on up to 5 devices per user.

Step 1

Open the app from your desktop

Step 2 (For school access only)

At school you will need to set your proxy credentials so that ReadCloud can access the school network. This only needs to be done once OR when you change your password.
Click on the cog wheel

Step 3

Select Network

Step 4

You need to enter your school username (lsell8 NOT email address) and your school network password (NOT CSH2019). You will only see this window again when you change your password during the year. This is the major issue that we have with students. If they change their password for the network then the green window will appear. They need to enter their school username and their school network password NOT their email address and CSHS2019
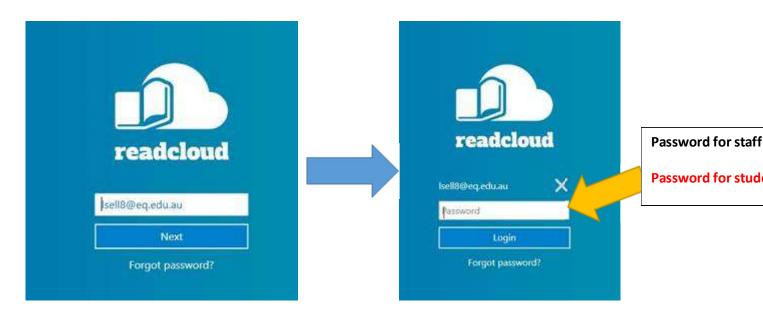

Username: School network username

Password: School network password

Step 5 – Login
Username: your EQ email address (**lsell8@eq.edu.au**)
Password: CSH2019
Student username: Student EQ email address
Student Password: CSHS2019

Password for staff

Password for stud

Step 6
You will see your books according to your classes.
